We had a corporate strategy meeting and an annual party on 20<sup>th</sup> February.

Firstly, we made a presentation of our business policy in 2010 at the meeting. The section managers announced their policy and budget using a screen.

After that, Mr. Hatakeyama and Mr. Kiuchi, gave us a speech about the environment. Mr. Hatakeyama is belonging to the society of keep Oysters in the clean sea and Mr. Kiuchi is from E-Square Inc. <http://www.e-squareinc.com/english/index.html> It was very important and interesting topics they gave.

Annual party is held to express our thanks to the customers. A lot of valued customers attended the party and enjoyed talking and eating. We had really good time here.

The governor of our prefecture also came and made a speech for celebrating today.

We have two joint venture companies at the moment. These companies were introduced on the screen and as the president of Thai joint venture attended to the party, we introduced him to everybody, too.

You must be able to expect what this is. This is a tribute made from a door glass. It is beautiful, isn't it?

We could talk to many customers who are not easy to meet normally because of distance. We hope you will be interested in our company and we will be able to invite you here in the future.
